

How have vaccines for COVID-19 been developed so fast?

Priority & collaboration

Scientists, doctors, ethics approval boards, manufacturers and regulatory agencies have all come together to work harder and faster

Science

Advances in vaccine technology that are built on the back of many years of research

Funding

Governments and funding bodies have joined forces to remove financial obstacles

Manufacture

Large-scale manufacturing of the vaccines occurred in parallel with the clinical trials, to scale-up production quickly

Volunteers

10,000s of keen volunteers for clinical trials so recruiting enough has not been an issue
