

Our achievements

2022-2023

Inaugural Immunology Awards introduced

Championing the remarkable achievements of individuals working across the spectrum of immunology to drive excellence

Providing expert input to policymakers on lessons learned from COVID-19

How we can leverage progress in understanding and measuring immunogenicity to develop even more effective vaccines

Showing the positive effects of PPI

Celebrating and showcasing how patients and public can effectively contribute to immunology research

Record attendance at BSI Congress

Over 1,700 immunologists came together to disseminate the latest research findings

Launched new BSI Teaching Affinity Group

Supporting excellence in immunology education

Continued commitment to diversity and inclusion

Fostering a culture within immunology that ensures fair treatment and opportunity for all

Supporting national immunology research consortia

Working to support cross-sector collaboration efforts to drive forward immunology research faster and more effectively

Building our online audience

Over 2 million page views of our website

Training community champions on vaccine engagement

Partnering with local communities to enable effective conversations on vaccines

Advancing patient care and nursing practice

Publishing the first ever Immunology Nursing Competency Framework

Support and engagement opportunities for members

Achieving a diverse membership comprising over 4,400 members

Providing a boost to members' careers

Our grant schemes awarded £230K to 313 members

Published our 'Guide to vaccinations for adults over 65'

Providing evidence-based, easy-to-understand information about vaccination

Indexing milestones achieved for Immunotherapy Advances

Making our journal content more discoverable and searchable

Career Enhancing Grants' continued success

Over £121K awarded to support members in reaching their career goals

New training programme in bioinformatics launched

Helping our members keep up to date with the latest skills

Establishing the BSI Clinical Immunology Professional Network

Strengthening the voice of clinical immunology in public arenas

Showcasing the future of immunology

Recognising exceptional work from PhD students and postdoctoral researchers through our Bright Sparks initiative
