

# British Society for Immunology Congress 2017

## Monday 4 December

11:00	Registration open
13:00	<b>Bright Sparks in Immunology 2017</b>
18:30	Opening address Keynote: <b>Luke O'Neill, Trinity College Dublin, Ireland</b>
20:00 - 21:00	Welcome reception

## Tuesday 5 December

07:30	Registration open						
08:00	Breakfast plenary: <b>Xuetao Cao, Chinese Academy of Medical Sciences, China</b>						
08:50	Break						
09:00	Parallel session <b>Battling it out: Regulatory T cells vs inflammation</b>	Parallel session <b>Extracellular vesicles: The role of exosomes and other shed vesicles in the immune system</b>	Parallel session <b>Immunometabolism</b>	Parallel session <b>NK cells: Diversity and biology underpinning disease</b>	Parallel session <b>Potentiating cancer immunotherapy by targeting the microenvironment</b>	Parallel session <b>Versatility of the B cell and antibody response</b>	Parallel session
10:30	Refreshment break						
11:00	Parallel session (cont'd)	Parallel session (cont'd)	Parallel session (cont'd)	Parallel session (cont'd)	Parallel session (cont'd)	Parallel session (cont'd)	Parallel session (cont'd)
12:45	Lunch, posters, exhibition & lunchtime sessions						
14:00	Plenary session: <b>Microbiota and the immune system - symbiosis or dysbiosis</b>						
15:30	Refreshment break						
16:00	Plenary session (cont'd...)						
17:15 - 19:00	Poster Session 1						

# British Society for Immunology Congress 2017

## Wednesday 6 December

08:00	Registration opens						
09:00	Parallel session <b>Antigen processing &amp; adaptive immunity</b>	Parallel session <b>Autophagy in the immune system</b>	Parallel session <b>Mucosal Immunity</b>	Parallel session <b>Neutrophils in the inflammatory response</b>	Parallel session <b>Shaping inflammation through toll like receptors and lectin receptors</b>	Parallel session <b>Single cell technologies - challenges &amp; applications</b>	Parallel session
10:30	Refreshment break						
11:00	Parallel session (cont'd)	Parallel session (cont'd)	Parallel session (cont'd)	Parallel session (cont'd)	Parallel session (cont'd)	Parallel session (cont'd)	Parallel session (cont'd)
12:45	Lunch, Posters, Exhibition & lunchtime sessions						
14:00	Plenary session: <b>Inflammation and Immune Resolution</b>						
15:30	Refreshment break						
16:00	Plenary session: (cont'd...)						
17:15 - 19:00	Poster Session 2						

## Thursday 7 December

08:00	Registration opens						
09:30	Plenary session (BSI / UKPIN): <b>Learning from immunodeficiencies and novel therapeutics in human disease</b>						
10:30	Refreshment break						
11:00	Plenary session: (cont'd...)						
12:30	Lunch, Posters, Exhibition & lunchtime sessions						
13:45	Parallel session <b>Identification of immune correlates of infection to underpin vaccine design</b>	Parallel session <b>Inflammation in wound healing</b>	Parallel session <b>Innate immunity in neurodegenerative diseases</b>	Parallel session <b>T cell interactions in health and disease</b>	Parallel session (BSI / UKPIN) <b>Novel insights in PID and genetics</b>	Parallel session (BSI / UKPIN) <b>Regulation of the immune response in support of hematopoietic progenitor cell and solid organ transplantation</b>	Parallel session
15:30	Refreshment break						
16:00	Parallel session (cont'd)	Parallel session (cont'd)	Parallel session (cont'd)	Parallel session (cont'd)	Parallel session (cont'd)	Parallel session (cont'd)	Parallel session (cont'd)
17:30	Close of Congress
